## EMAIL TO RESIDENTS

Subject: Official Notifications from AVFD by E-Mail and Text Message

Dear Resident,

Recently the Atascocita Volunteer Fire Department began utilizing a new service for the community to access important, valuable community specific information when you need it, using the latest technology.

Our agency will create and publish messages through the Nixle Community Information Service. Nixle will then deliver this information to you instantly via text, email and/or web message. Notifications can also be accessed online at Nixle's web site at [www.nixle.com](http://www.nixle.com).

Example messages may include, a tornado warning, severe weather warning, an evacuation message or a flash flood warning to name a few, as well as other relevant safety and community information.

The service is secure, reliable and easy to use. YOU decide what information you want and whether you want it sent to your cell phone, email, or just simply over the web.

To subscribe simply text **AVFDOEM** to **888777**, please note that your standard text messaging rates may apply or you can register now at the company's main web site: [www.nixle.com](http://www.nixle.com).

We also ask you to forward this email to 5 of your neighbors or friends in the community, encouraging them to register.

New communication forms continue to evolve and we believe this service will allow us to keep you informed in the most convenient, reliable way possible.

ATASCOCITA VOLUNTEER FIRE DEPARTMENT
